We all have heroes. Some wear capes, some wear uniforms, some wear skirts or pantsuits, and some wear shirts and ties...but we all have heroes. But what if there are no super heroes? What if there are no faultless and perfect figures ready to save the world? What if we are all just ordinary people trying to do the best we can? What if its just...us? Join **First United Methodist Church** for a worship series looking at a God who is able to use very ordinary people to do very extraordinary and world changing things.
